

Nolifundiso Jamnda

I have a smooth, warm undertone voice that can be inspiring and educational. Have the gift of mimicking different accents as well as speaking different languages, including German.

I have had the privilege of working as a cover page model for one of the travel companies in Germany, have previously sung the Xhosa click song on one of the radios also in Germany. Have done motivational work, voice over for a call centre as well different corporate videos.

I believe I have a versatile voice that can fit with all clients.
