

Liezel Van Der Westhuizen

As only the second woman in the world to present Idols, Liezel became the familiar face on the reality show and continues to impress with her presenting skills on 94.5KFM. Coupled with a drive for success and an incredible work ethic, the sky is the limit for this talent. With her professional style and ease of conversation, it's no surprise to find out Liezel has a Master's Degree in Communication Management and since 2000 has been a member of Toastmaster's International, receiving her Advanced Toastmaster Bronze certificate in 2005. In late 2014, Liezel launched her own vlog www.GiraffelnTheCity.com where she features international high-end lifestyle brands and also shares secrets about her hometown, Cape Town with her readers.
